Reviewer's report

Title: Associations between quality of life and socioeconomic factors, functional impairments and dissatisfaction with received information and home-care services among survivors living at home two years after stroke onset

Version: 2 Date: 31 March 2014

Reviewer: Richard Lindley

Reviewer's report:

Thank you for responding to my comments. As a result the manuscript is much clearer. Please note that there are still some typographical errors "stoke" instead of stroke.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
