Reviewer’s report

Title: An examination of the Apo-1/Fas promoter Mva I polymorphism in Japanese patients with multiple sclerosis

Authors:

Masaaki Niino (niino@med.hokudai.ac.jp)
Seiji Kikuchi (skikuti@med.hokudai.ac.jp)
Toshiyuki Fukazawa (fukazawa@my.email.ne.jp)
Ryuji Miyagishi (miyagisi@med.hokudai.ac.jp)
Ichiro Yabe (yabe@med.hokudai.ac.jp)
Kunio Tashiro (tashiro@med.hokudai.ac.jp)

Version: 7 Date: 19 Aug 2002

Reviewer: Prof Maria Giovanna Marrosu

Level of interest: A paper whose findings are important to those with closely related research interests

Advice on publication: Accept without revision

Regarding the paper of Niino et al
"An examination of the Apo-1/Fas promoter Mva I polymorphism in Japanese patients with multiple sclerosis"
I've read the revised manuscript and the answers of the authors. Everything is right, the authors have satisfied my criticisms.
