Title: Perception versus polysomnographic assessment of sleep in CFS and non-fatigued controls: results from a population-based study

Version: 2 Date: 15 November 2007

Reviewer: Selim Benbadis

Reviewer's report:

General

-----------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)
