Title: Probability of Stroke in Korean Hypertensive Patients Visiting Tertiary Hospitals: Using a Risk Profile from the Framingham Study

Version: 1 Date: 19 February 2009

Reviewer: Pierre-Jean Touboul

Reviewer's report:

I have no criticism on the design and the analysis of this manuscript. The authors should entirely review the spelling and English sentences. For example line 10 page 5 limited instead of limited ....

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
