Reviewer’s report

Title: Assisting informed decision making for labour analgesia: A randomised controlled trial of a decision aid for labour analgesia versus a pamphlet.

Version: 5 Date: 13 November 2009

Reviewer: Richard Thomson

Reviewer’s report:

This paper is now much improved in response to the extensive reviewer comments. There are two references that the authors may like to be aware of, if they are not already:

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
