Title: Women's experiences of the first childbirth: development and evaluation of a multidimensional questionnaire

Version: 2 Date: 22 November 2010

Reviewer: Ingegerd Hildingsson

Reviewer’s report:

I am happy to see that the authors have responded well to the questions raised although I think they might have mis-interpreted the concept of parallell analysis. However, presenting other test will make up for this

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
