Reviewer's report

Title: The Timing of Elective Caesarean Delivery between 2000 and 2009 in England

Version: 1 Date: 7 April 2011

Reviewer: adi weintraub

Reviewer's report:

Discretionary Revisions
1. The authors may consider presenting the data from the second paragraph of the results section in a table for clearer presentation.
2. I suggest the authors elaborate about their suggestions to improving adherence with the NICE guidelines.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
