Reviewer's report

Title: Risk factors and a predictive model for under-five mortality in Nigeria: evidence from Demographic and Health Survey, 2008

Version: 3 Date: 6 February 2012

Reviewer: Daniela Elleri

Reviewer’s report:

The authors provided a thorough review of the manuscript and some important messages were clarified. I believe the manuscript can be published, especially in consideration of the possible implications that its findings might have on the important health issue of “under-five mortality” in Nigeria.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
