Reviewer's report

Title: An implementation evaluation of a policy aiming to improve financial access to maternal health care in Burkina Faso

Version: 7 Date: 31 October 2012

Reviewer: Mika Gissler

Reviewer's report:

The authors have made a great effort to improve the paper. The article can now be accepted, but I do have some, mostly editorial comments:
- Remove the space between numbers and % (e.g. page 6 and Figure).
- Capitalize for example Millennium Development Goals and Ministry of Health.
- The official plural of Euro is Euro.
- Use systematically decimal points (e.g. page 13: 5.5 Euro instead of 5,5 Euros).
- Page 7: The sentence after 'The main source of funding is the state budget' should be removed.
- Page 14: It would be better to use 50 000 million CFA (76.2 million Euro)
- Page 15: The same comment: 6 million CFA (91 500 Euro).
- Page 22: (health centre 2) instead of ( health centre 2 ).
- Page 23: (Table 2) instead of (Table.2).
- Double-check the name of journal in references 24 and 57.
- Consider translation of article titles for those given in French.
