Reviewer's report

Title: Existing maternal obesity guidelines may increase inequalities between ethnic groups: a national epidemiological study of 502,474 births in England

Version: 2 Date: 9 November 2012
Reviewer: Hora Soltani

Reviewer's report:

I am happy with the authors responses and changes to the manuscript which makes it clearer for the readers.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
