Reviewer's report

Title: Cocaine use during pregnancy assessed by hair analysis in a Canary Islands cohort

Version: 4 Date: 8 September 2011

Reviewer: Simona Pichini

Reviewer's report:

The authors fairly answered the raised questions. Article is ready for publication pending an extensive English editing.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
