Reviewer's report

Title: Breastfeeding cessation and symptoms of anxiety and depression: a longitudinal cohort study

Version: 3 Date: 25 September 2011

Reviewer: Azza Ahmed

Reviewer's report:

The author did a good job in answering my comments and covered all the points sufficiently. The manuscript just need minor editing and language revision.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
