Reviewer's report

Title: Atkins diet for the developing baby? Effects of a ketogenic diet during pregnancy on embryonic growth in the mouse

Version: 4 Date: 6 March 2013

Reviewer: Joel R. Garbow

Reviewer's report:

Minor Essential Revision

In their cover letter, the authors state, "We also added a sentence to the Experimental Procedure - Animals (1st paragraph) which explains the difference in total number of animals tested before versus during gestation".

However, this sentence was not added to the text.

Please provide a sentence or two of explanation.

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
