Reviewer's report

Title: Timing and reasons for coming late for the first antenatal care visit by pregnant women at Mulago hospital

Version: 1 Date: 26 February 2013

Reviewer: Shigeko Horiuchi

Reviewer's report:

Major Compulsory Revisions

This is very important research topic. Although writing about result is not scientific descriptions. Especially four tables showed only number, it is not unique research outcome. Author have to revise the all the tables what is the most important aspects. Author try to use statistical analysis.

Level of interest: An article of limited interest

Quality of written English: Not suitable for publication unless extensively edited

Statistical review: Yes, and I have assessed the statistics in my report.
