Reviewer’s report

Title: Safety and efficacy of a lifestyle intervention for pregnant women to prevent excessive maternal weight gain: A cluster-randomized controlled trial

Version: 2 Date: 25 March 2013

Reviewer: Shakila Thangaratinam

Reviewer’s report:

I am satisfied with the response provided by the authors and the modifications that they have made taking into account the peer reviewers comments.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
