Reviewer's report

Title: Recurrence of perinatal death in Northern Tanzania: A registry based cohort study

Version: 4 Date: 4 June 2013

Reviewer: Birgit Reime

Reviewer's report:

The concerns I had were addressed adequately. I do not understand why the authors were told to use the term "delivery" instead of "birth". Many journals give advice to the opposite.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests: I declare that I have no competing interests.
