Reviewer’s report

Title: Perceptions of postnatal care: factors influencing primiparous mothers perceptions of postnatal communication and care

Version: 2 Date: 5 July 2013

Reviewer: Birgit Reime

Reviewer’s report:

The authors have edited the ms. nicely. It is acceptable now with one exception. Demography is the science of describing the population. An interval (time lag between birth and survey participation) is not a demographic characteristic. Please edit.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
