Reviewer's report

Title: An integrative review of the side effects related to the use of magnesium sulfate for preeclampsia and eclampsia management

Version: 2 Date: 9 December 2012

Reviewer: Edi Vaisbuch

Reviewer's report:

The authors reply and their revised version of the manuscript adequately address most of my comments and sufficiently explain why some comments were not incorporated in the revised version.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
