Reviewer's report

Title: No consensus on gestational diabetes mellitus screening regimes in Sweden. Pregnancy outcomes in relation to different screening regimes 2011 to 2012: a cross-sectional study

Version: 2 Date: 11 March 2014

Reviewer: Carlos Ortega González

Reviewer's report:

I believe that the authors have responded and satisfactorily clarified all my doubts and comments on the manuscript, so that for me there is no objection, that the manuscript entitled "No consensus on gestational diabetes mellitus screening regimes in Sweden. Pregnancy outcomes in relation to different screening regimes 2011 to 2012: a cross-sectional study ", to be published in BMC Pregnancy and Childbirth.

Leaving this decision pending the opinion of the rest of the reviewers.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable
