Reviewer's report

Title: Determination of Interleukin-6 and Tumor Necrosis Factor-alpha concentrations in Iranian-Khorasanian patients with preeclampsia.

Version: 3 Date: 17 August 2005

Reviewer: p Lopez-Jaramillo

Reviewer's report:

General
The revised manuscript have all the modifications in response to my criticisms. Now the new revised manuscript could be acceptable for publication in BMC Pregnancy and Childbirth.

----------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

----------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

----------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)
