Reviewer's report

Title: Inadequate prenatal care and its association with adverse pregnancy outcomes: A comparison of indices

Version: 5 Date: 15 February 2008

Reviewer: Nancy Hessol

Reviewer's report:

General comments: The author(s) have responded to the last round of suggested revisions. I have only one minor comment.

Minor comments:

1. Now that the authors have removed the trend analyses from the paper, the title of Table 1 should be changed from "Trends in prenatal care" to "Rates of prenatal care"

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
