Reviewer's report

Title: Effect of Iron Content on the Tolerability of Prenatal Multivitamins in Pregnancy

Version: 5 Date: 26 February 2008

Reviewer: Leslie W Huson

Reviewer's report:

The statistical aspects of this MS are now acceptable, following the authors revisions.

What next?: Unable to decide on acceptance or rejection until the authors have responded to the major compulsory revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:

I declare that I have no competing interests
