Reviewer’s report

Title: Increased expression of urokinase plasminogen activator and its cognate receptor in human seminomas

Version: 2 Date: 19 March 2010

Reviewer: Rüdiger Behr

Reviewer's report:

No further revisions necessary.

Ulisse and colleagues have made significant improvements and additions to their manuscript – especially the staining of normal testis tissue. The data is presented appropriately and the manuscript is now ready to be published.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
