Reviewer’s report

Title: Clinical significance of preoperative serum vascular endothelial growth factor, interleukin-6, and C-reactive protein level in colorectal cancer.

Version: 3 Date: 7 April 2010

Reviewer: Gennaro Galizia

Reviewer’s report:

The Authors did a very appreciable revision of their manuscript correctly answering to all my concerns. I think the article could be published in BMC Cancer.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
