Reviewer’s report

Title: Primary myxofibrosarcoma of the parotid: case report

Version: 2 Date: 27 April 2010

Reviewer: Buelent Polat

Reviewer’s report:

The authors revised their manuscript according to the minor and discretionary revisions as proposed in my report. They clearly answered all issues point by point and changed the corresponding chapters. Having read the revised manuscript I would like to recommend the actual version for publication in BMC cancer.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
