Reviewer's report

Title: Involvement of hyaluronidases in colorectal cancer

Version: 2 Date: 4 June 2010

Reviewer: Suniti Misra

Reviewer's report:

Role of hyaluronidases in is very important to understand the role of hyaluronan in the pathobiology of colorectal cancer. The authors have responded to the questions quite well. They have improved the presentation and the information of the manuscript according to the suggestions. In view of the present format, the manuscript may be accepted for publication.
