Reviewer’s report

Title: NF-kappaB targeting by way of IKK inhibition sensitizes lung cancer cells to adenovirus delivery of TRAIL

Version: 2 Date: 15 September 2010

Reviewer: Ralf Zwacka

Reviewer’s report:

I am happy with the changes and additional experimental work. The authors have significantly improved the manuscript and the paper is ready for publication in my view.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
