Reviewer's report

Title: Up-regulated expression of type II very low density lipoprotein receptor correlates with cancer metastasis and has a potential link to beta-catenin in different cancers

Version: 5 Date: 1 October 2010

Reviewer: Hideto Yamada

Reviewer's report:

The responses to my review are satisfactory. The additional experiments were well designed and performed, and the conclusions contained an important message.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
