Reviewer’s report

Title: Impact of PINCH expression on survival in colorectal cancer patients

Version: 3 Date: 7 February 2011

Reviewer: Buelent Polat

Reviewer’s report:

The authors have addressed all major and minor revisions point by point. They gave sufficient comments or explanations and changed the corresponding sections and tables in their revised manuscript.

From my point of view the revised version of the manuscript is now acceptable for publication in BMC cancer.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
