Title: Primary leiomyosarcoma of the seminal vesicle: case report and review of the literature

Version: 1 Date: 10 May 2011

Reviewer: Youness Ahallal

Reviewer's report:

Minor essential revisions:
1- The one major point is that the manuscript requires editing by a native English speaker.
I hope you will be able to arrange this.

2- Please can you explain how your case report advances medical knowledge beyond what is already known about this condition?

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
