Reviewer's report

Title: Semiallogenic fusions of MSI+ tumor cells and activated B cells induce MSI-specific T cell responses

Version: 2 Date: 5 September 2011

Reviewer: Hung Khong

Reviewer's report:

Discretionary revision;

Result section, last paragraph, 3rd line from bottom: Spelling error: "This proofs that..." should be "This proves that..." (already mentioned in the first review). However, this can be corrected at the manuscript proof stage.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
