Reviewer’s report

Title: Pentoxifylline sensitizes human cervical tumor cells to cisplatin-induced apoptosis by suppressing NF-kappa B and decreased cell senescence

Version: 2 Date: 3 October 2011

Reviewer: Marzia Pennati

Reviewer’s report:

In the re-submitted manuscript from Hernandez-Flores et al, changes and additional data have been included accordingly to my suggestion. I would recommend to accept the paper in its present form.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
