Title: Protein Secretion in Human Mammary Epithelial Cells following HER1 Receptor Activation: Influence of HER2 and HER3 Expression

Version: 3 Date: 6 December 2010

Reviewer: Silvia Carvalho

Reviewer’s report:

The authors have significantly improved the paper and have answered all my doubts and questions.

Just as minor comments I would just like to make 2 additional remarks:

1- Page 19 line16 there is a typo “PI3/Akt” should be “PI3K/Akt”;
2- Last phrase of page 22, I suggest that the authors include: “These results further indicate that PDGF secretion, at least in this cell context, is not a (...)”

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
