Reviewer's report

Title: The mitochondrial transporter SLC25A43 is frequently deleted and may influence cell proliferation in HER2-positive breast tumours

Version: 2 Date: 18 July 2012

Reviewer: Marcella Mottolese

Reviewer's report:

A consistent improvement over the previous version of the manuscript has been reached in the present version of the paper. Author’s responses are exaustive and complete. The manuscript is well organized, results are now clearer and better discussed. Therefore, the article can be accepted for publication without any further revisions.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
