Reviewer's report

Title: Elevated levels of serum amyloid A indicate poor prognosis in patients with esophageal squamous cell carcinoma

Version: 2 Date: 11 August 2012

Reviewer: Abbas Abbas

Reviewer's report:

The authors have adequately responded to our comments. The manuscript is much more clear now. I would approve it for publication.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
