Reviewer's report

**Title:** Analysis of and prognostic information from disseminated tumour cells in bone marrow in primary breast cancer: a prospective observational study

**Version:** 2 **Date:** 13 June 2012

**Reviewer:** Sabine Kasimir-Bauer

**Reviewer's report:**

In my opinion, the paper is now acceptable for publication but needs some language correction before being published.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I declare that I have no competing interests.
