Reviewer's report

**Title:** Engineered Measles Virus Edmonston Strain Used as a Novel Oncolytic Viral System Against Human Hepatoblastoma

**Version:** 4  **Date:** 21 August 2012

**Reviewer:** Jian-Dong Huang

**Reviewer's report:**

The revised version is much improved. However, the following question is important to be addressed.

The purpose to show the images of the tumors in control and treatment groups is not to distinguish tumors of different origin, but to assess the therapeutic effect. Therefore, the pictures are critical data to show.

**Level of interest:** An article of limited interest

**Quality of written English:** Acceptable

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.

**Declaration of competing interests:**

I declare that I have no competing interests.
