Reviewer’s report

Title: Loss of miR-133a expression associated with poor survival of breast cancer and restoration of miR-133a expression inhibited breast cancer cell growth and invasion

Version: 3 Date: 8 November 2011

Reviewer: Junfang Ji

Reviewer’s report:

This paper has been revised carefully and the data presented here are largely consistent with the claims.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
