Reviewer's report

Title: A Meta-analysis of the Randomized Controlled Trials on Hyperthermic Intraperitoneal Chemotherapy for Gastric Cancer

Version: 3 Date: 13 October 2012

Reviewer: Wu Ai-Wen

Reviewer's report:

In general, this is a very good topic in the field of gastric cancer management. In responding to the reviewers’ comments, the authors have made considerable revisions which meet the comments of the reviewers. In my opinion, the revisions are quite constructive in providing more information on this topic. And I also think it is adequate for publication in this peer-reviewer journal.

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
