Reviewer's report

Title: Epidemiology and Outcomes of Previously Undiagnosed Diabetes in Older Women with Breast Cancer: An Observational Cohort Study Based on SEER-Medicare

Version: 2 Date: 16 December 2012

Reviewer: Lorraine Lipscombe

Reviewer's report:

The authors have adequately addressed all of my comments, and I have no further suggestions for revision. The revised manuscript is greatly strengthened by a more thorough discussion of potential confounding and methodologic limitations.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
