Reviewer's report

Title: Early versus deferred androgen suppression therapy for patients with lymph node-positive prostate cancer after local therapy with curative intent: a systematic review

Version: 1 Date: 27 September 2012

Reviewer: Steffen F Krause

Reviewer's report:

The manuscript needs to be published soon, the clinical relevance is currently available for urologists and oncologists. No revisions are necessary to my opinion.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

There are no competing interests by my person to the reviewed paper.
