Reviewer's report

Title: Effects of Delta40p53, an isoform of p53 lacking the N-terminus, on transactivation capacity of the tumor suppressor protein p53.

Version: 2 Date: 11 February 2013

Reviewer: Ute Moll

Reviewer's report:

In this revision the authors fully addressed all of my concerns. They actually did a very nice job and in my opinion the paper can now be published in BMC Cancer.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
