Reviewer's report

Title: Dichotomous roles for the orphan nuclear receptor NURR1 in breast cancer

Version: 4 Date: 4 January 2013

Reviewer: alexander deutsch

Reviewer's report:

This is an interesting article focusing on the dichotomous roles for the orphan nuclear receptor NURR1 in breast cancer. This works would significantly add the knowledge on the role of NR4A nuclear orphan receptor in breast cancer.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
