Reviewer's report

**Title:** Quality of life of Bahraini women with breast cancer - Middle East Perspective: A cross sectional study

**Version:** 2  **Date:** 10 April 2013

**Reviewer:** Ali Montazeri

**Reviewer's report:**

I am satisfied with revisions. The only essential revision that I feel should be made is the title. The title should be changed to:

Quality of life of Bahraini women with breast cancer: a cross sectional study.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** Yes, and I have assessed the statistics in my report.
