Reviewer's report

Title: Claudin 1 expression in basal-like breast cancer is related to patient age

Version: 3 Date: 15 May 2013

Reviewer: Gabriel DiMattia

Reviewer's report:

The authors have addressed my concerns and comments adequately and changes made to the text have been noted and enhanced the quality of the work. I look forward to reading about the effects of modulating claudin1 expression on the viability, etc. of basal-like cells.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
