Reviewer's report

Title: NOTCH1 mutations influence survival in chronic lymphocytic leukemia patients

Version: 3 Date: 5 April 2013

Reviewer: valter VG gattein

Reviewer's report:

In their revised submission, the Authors have only in part addressed both the major issues suggested by this reviewer, i.e. inclusion of FISH data and of multivariate analyses, for the lack of the requested information.

Level of interest: An article of limited interest

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
