Reviewer's report

Title: Connexin-43 can delay early recurrence and metastasis in patients with hepatitis B-related hepatocellular carcinoma and low serum alpha-fetoprotein after radical hepatectomy

Version: 13 Date: 2 May 2013

Reviewer: shashikiran donthamsetty

Reviewer's report:

The authors have adequately addressed most of the issues raised previously. I recommend publication. The manuscript still needs some language correction before being published

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
