Reviewer's report

Title: Functional p53 is required for rapid restoration of daunorubicin-induced lesions of the spleen

Version: 3 Date: 24 May 2013

Reviewer: Margareta Wilhelm

Reviewer's report:

wt ctrl sample is missing from western blot in figure 3. Also, bands are very hazy, authors should try and correct this.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
