Reviewer’s report

Title: Context-dependent interpretation of the prognostic value of BRAF and KRAS mutations in colorectal cancer

Version: 2 Date: 12 August 2013

Reviewer: chiara tordonato

Reviewer’s report:

Please number your comments and divide them into
- Major Compulsory Revisions
No major revisions are needed.

- Minor Essential Revisions
No minor revisions are needed.

- Discretionary Revisions
No, of course the author cannot make any of the changes due to limited access to samples for validation.

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
