Reviewer's report

Title: Long-lasting response to electrochemotherapy in melanoma patients with cutaneous metastasis.

Version: 4 Date: 20 October 2013

Reviewer: Gregor Sersa

Reviewer's report:

The corrections are adequate.

I again urge the authors to adequately reference the quoted references. For example ref #3 is published in Eur J Cancer Suppl, and the list of authors is not complete.

In ref #13 are missing pages....

Please be more precise.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
